Ensemble:N16 was born with the intention of forming a locally based professional group to stage ambitious concerts in North London and beyond. We performed our inaugural concert in April 2008 at St. Mary's to a large and appreciative audience. Ensemble:N16 enables the members to perform together without a conductor. Instead, it provides a platform for the players to make creative decisions and for individuals to contribute more freely in rehearsals and performance:

A fluid group without restrictions

String Quintet in C D956 Schubert

Two Serenades Owen Bourne

Green Lanes Owen Bourne

And compositions by students from
Stoke Newington School
